

Robex HD Tyre Mark Remover

Robex HD Tyre Mark Remover is a specialised, highly effective cleaner designed for the rapid and effective removal of stubborn rubber deposits and tyre marks. HD Tyre Mark Remover is water rinsable, leaves no slippery residues and is safe to use on epoxy and UPVC coatings and screeds.

Robex HD Tyre Mark Remover

- Extremely effective
- Supplied ready to use
- Water rinsable

In Person: Should you have any queries regarding product application, one of our trained sales engineers is always on hand to sort out any problems you may have.

On line: All of our technical data sheets and health & safety data sheets are available to download on line.

On site: If you would like Robex to apply your product for you call on the number below, we manufacture, we supply and we apply.

- **Application**

Robex HD Tyre Mark Remover can be diluted with up to 5 parts cold water.

For 'heavy' tyre marks it is advisable to use with less dilution. Should the tyre mark prove difficult to remove use the product undiluted and leave for 5 – 10 minutes before removal.

- **Health & Safety:**

HD Tyre Mark Remover should not cause any health & safety issues when used in accordance with the recommended instructions. Please refer to the relevant Health and Safety Data Sheet for further information.
